### Bundling

You don't have to bundle this service unless you wish to bundle Voice services with your NBN Service.

### Service Availability

The nbn™ Service is not available in all areas or to all premises. Availability is subject to a service qualification check which will be performed when you request to sign-up. The technology used to deliver the nbn™ Service will depend on the connection between your premises and the nbn™ Network which includes: (1) Fibre to the Premises ('FTTP'); (2) Fibre to the Node ('FTTN'); (3) Fibre to the Building ('FTTB'); (4) Hybrid Fibre Coaxial ('HFC'); (5) Fibre to the Curb (FTTC).

### Installation

Standard installation is included. Accord do not offer Non-standard installations or professional installations.

If advised by nbn™ that additional works such as trenching is required, you will need to arrange for and pay for any associated works directly via a third party. You must be over the age of 18 to have Accord nbn™ installed. If you are the owner of the property you must provide consent for nbn™ to install the nbn™ Service. If you are not the owner of the property or if you live in a strata property you must obtain owner consent or strata approval for installation.

### About Plan Speeds

The nbn™ speed tier for your service is the theoretical maximum speed of the access line connecting your premises to

the nbn™. The actual speeds you experience, particularly during busy periods, may be limited by demand in other parts of the network and will typically be slower. For more information, see about nbn™ key fact sheet on busy speeds relevant to your plan.

Not all FTTN, FTTB or FTTC access lines support all speed tiers. Accord cannot confirm your maximum access line speed until after your service has been installed. Once your service is installed and activated, your maximum access line speed will be tested. If your line will not support your chosen speed tier, we will inform you and offer move you to a lower speed tier and refund any extra money you have paid for the higher speed tier.
